

NEW! The Arkansas Department of Education Office of Educator Effectiveness (OEE) wishes to inform school districts about the new online modules for Beginning Administrators (BAs) to be piloted in the 2013-2014 school year. After a BA attends induction training, he/she will select three, online modules in the fall, and two additional modules in the spring to be completed for the mentoring requirement. Each module will be approximately four hours in length and accessed in Moodle via ATLAS. Modules will be available for building level administrators, curriculum program administrators, special education administrators, and gifted and talented administrators. Mentors will assist BAs as they work to complete the modules.

The Arkansas Department of Education OEE in collaboration with the Arkansas Association of Educational Administrators (AAEA) will host the 2013-2014 BA Induction Training during the AAEA Summer Conference July 29-31 at the Peabody Hotel and Statehouse Convention Center in Little Rock. Induction training will be held from 9:00 until 3:00 on July 29 and the AAEA conference will begin at 3:30.

Registration information for Beginning Administrator Induction Training will be forthcoming in a future Commissioner's Memo.
